

WALDORF

SCHOOL OF BALTIMORE

Come build a bridge between home and school in our Children's Garden.

The Waldorf School of Baltimore offers a complete educational experience for parents seeking to make the most of their children's talents and interests. That experience begins with the first stage of our acclaimed early childhood program.

Summer Parent & Child Classes

Our Parent & Child classes offer an opportunity for parents and teachers to work together to create a secure environment that inspires infants and toddlers to explore, to interact, and to learn at their own pace.

Classes start on July 15th, 2009. Enroll now by calling (410) 367-6808 ext. 203. For more details visit www.waldorfschoolofbaltimore.org.

The Waldorf Parent & Child Philosophy

Waldorf's Parent and Child classes provide learning experiences for parents, expectant parents, caregivers, infants, and toddlers. From their earliest efforts to find their hands, turn over, crawl, sit, stand, and walk, young children are eager and active learners. In this series of classes, children learn about themselves and their world in a safe and loving environment. Adults learn about the unique qualities of each child. Through study material, discussion, and observation parents and caregivers explore how to be fully present with a child when feeding, dressing, changing a diaper, and other times of care, giving children the reassurance they need to continue their self-education.
