

Left to Their Own Devices

Helping our
Teenagers Navigate
the Digital World

Tuesday, November 7th,
7-8:30 PM
Tamarind Hall

Learn about how the Cyber Civics curriculum is being integrated into the Waldorf middle school.

Receive actionable strategies as we engage in a lively discussion on how best to help our middle school students prepare to navigate the complexities of the digital world.

Open to the wider community,
Adults only, please.

Diana Graber M.A.

An expert on technology's impact on human behavior, she founded two organizations dedicated to improving digital literacy skills. Graber still teaches Cyber Civics at Journey School in Southern California where she founded the program. Graber was named "2017 Media Literacy Teacher" by the National Association of Media Literacy in Education.
